How Our Customers Feel:

“ I didn't know what to expect when [our first Build Blitz] came and it went off without a hitch. **In 5 days we signed in and signed out 700 volunteers with two iPads and two people.** That was massive for us when it came to ease of access, the level of stress, and the level of staffing needed to do that because we are a small affiliate.

We pulled our analytics for this time last year compared to this time this year. **Our volunteer numbers had increased by almost 500% and our volunteer retention had increased by almost 200%.** I think that's a testament to ease of access with Civic Champs because we increased to that degree and didn't even realize it.

Macie Wheeler

Mission Engagement Director, Habitat for Humanity Bowling Green

“ Civic Champs is a great way for our volunteers to clock their hours which is very important to us as a non-profit organization because a lots of grants depend on how many hours we log from volunteers and how active our volunteers are in the program. Civic Champs is definitely **an easy go-to spot for everything we need** from a volunteering standpoint.

Donovan Lisenbe,

Volunteer Coordinator, Texas Humane Heroes

“ We needed to be able to have different locations, different job duties, different time frames, and Civic Champs worked very well. Civic Champs just made it so easy to create that in the calendar and to provide that information to our potential volunteers.

This has really just been time saving, which as a non-profit that has a very small group of staff and is highly dependent on volunteers, time is definitely very valuable for us.

Jhoana Hirasuna

Executive Director, Shepherd's Pantry
